

October 29, 2018

Dear Members,

First and foremost, I want to thank you for your investment in the Milford Miami Township Chamber. Your membership enables the Chamber to effectively improve the business climate in our community and respond to your business needs. Your support also pays you dividends by increasing business, building referrals, and providing you with the expertise of other Chamber Members. No other business association makes this kind of difference for its Members.

During a recent audit of our ChamberMaster database, we discovered multiple Member files were significantly outdated. To fully realize the benefits of your membership, customers and fellow Members **must be able to reach you**. So please take a moment to review your information and make the necessary updates.

If you have not yet set up your on-line account, please go to <https://milfordmiamitownshipoh.chambermaster.com/createaccount>. Once established, you will have access to even more benefits such as on-line payment, event registration, and multiple free marketing tools.

Thank you again for your commitment and support. As always, please contact us if you have any questions or need additional information.

Sincerely,

Kelli Gilbert
Executive Director & COO
